

USPS-RM2015-3/1
Public Material Relating To Proposal Ten

I. PREFACE

A. Purpose and Content

The purpose of USPS-RM2015-3/1 is to document Proposal Ten, a proposed method change that would update the productivities applied in various parcel workshare models.

B. Corresponding Non-Public or Public Document

The corresponding non-public material is found in USPS-RM2015-3/NP1.

II. ORGANIZATION

The accompanying zip file named Prop.10.Public.zip contains seven files:

PROP.10.DATA.Public.xlsx	The public data from the field study
PROP.10.USPS-FY13-12.xlsx	A modified Standard Mail parcel mail processing cost model that contains the new data
PROP.10.USPS-FY13-13.xlsx	A modified Standard Mail destination entry cost model that contains the new data
PROP.10.USPS-FY13-15.xlsx	A modified Media Mail – Library Mail mail processing cost model that contains the new data
PROP.10.USPS-FY13-16.xlsx	A modified BPRS cost model that relies on the new Media Mail – Library Mail mail processing cost model results
PROP.10.USPS-FY13-18.xlsx	A modified Standard Mail ECR mail processing cost model that relies on the new Standard Mail destination entry cost model results
PROP.10.IMPACT.PUB.xlsx	This file contains the impact tables for the public cost models (those shown above)
